Norway's Masterpiece

No journey compares to the Norwegian Coastal Route. For over 130 years, it has transported people and goods to Norway's iconic ports and deep fjords, sharing stories only this route can tell.

For those who lived in tiny, isolated villages, the "Post Ship Route" was a lifeline. It brought fresh supplies, long-awaited letters, and a vital connection to the wider world. Today, our ships proudly carry this tradition forward. While the world has grown smaller and technology has advanced, our mission remains unchanged: delivering essential cargo, supporting coastal communities, and maintaining the vital connections that this route has provided for generations.

Our ships take you where larger cruise liners simply can't.

Here, nature is always close by. Majestic mountains line the coast, and the sky transforms into a canvas of colors, day and night. Everything on board our ships is thoughtfully designed to reflect these breathtaking surroundings – from the colors of the interiors to the art on the walls and the flavors on your plate.

There's space here to find peace. Sit still and let the world glide by – sparkling fjords and small coastal communities that come into view, then fade away. Wherever you are on board, you'll find a place to lean back, breathe deeply, and simply take it all in.

Welcome Aboard the New Ships of the Norwegian Coast

Now, you can experience the traditional coastal route – and the very best of Norway – aboard award-winning, forward-thinking ships powered by batteries and natural gas.

We know Norway: its people, culture, and stunning coastline. Out of respect for nature, we have built four ships powered by natural gas and batteries. This is just one of the many reasons why we can offer coastal voyages with a lower environmental impact.

As important as the sustainability of our ships is the personal service and hospitality on board. Our unique dining concept, which changes in harmony with the landscapes we sail past, also ranks highly on the list!

Havila Voyages' ships are designed to make the most of your journey along Norway's spectacular coastline. This includes spacious cabins and floor-to-ceiling panoramic windows in all common areas, so you can admire the nature,

Northern Lights, or Midnight Sun from wherever you are on board.

We're here for you. Our goal is to make your journey truly special. That's why we genuinely care about your well-being and want to ensure you have everything you need for a rewarding, enriching, and memorable experience with us.

Our staff are our most valuable resource. They'll greet you with warm smiles and extensive knowledge, doing everything they can to guide you through your voyage, ensuring you leave with unforgettable memories.

Eat better, sleep better, and live better with Havila Voyages. Welcome aboard!

Norwegian Coastal Express

Don't expect a typical "cruise" experience. Expect something more. Make sure to learn about the Norwegian Coastal Express to get the most out of your journey.

Our ships anchor at 34 different coastal ports, both day and night. In smaller locations, stops range from 10 to 45 minutes, but in larger cities you will get more time to explore. Destinations visited at night while heading north can be appreciated in daylight on the way back.

While the path we tread may diverge from conventional tourist travels at sea, we guarantee an experience that is truly unmatched and incomparable to any other.

Our ships are an experience in their own right, built for sustainability, space and comfort at sea.

Designed to enhance every aspect of your voyage, our ships feature viewing areas that perfectly frame the stunning scenery, as well as sustainable technology that ensures peaceful and silent sailings.

Spring Voyage in Geirangerfjord – Exclusively with Havila Voyages

From 1 April

Spring marks the beginning of fjord season – exclusively with Havila Voyages! While we also sail to Geirangerfjord during the summer months, April and May offer a unique opportunity to experience the UNESCO-protected fjord landscape awakening after winter. As the only cruise line sailing here during spring, we offer a peaceful and pristine experience, well before the high season.

While the waterfalls roar with melting snow and the light makes the mountainsides glow, we silently sail in on battery power. We are proud to already meet the authorities' zero-emission requirements in the UNESCO World Heritage fjords, a milestone we first achieved in June 2022.

Day 1

Bergen

The voyage starts in Bergen, the colorful capital of western Norway, where you can explore the UNESCO-listed Bryggen warehouses, ride the Fløibanen funicular for scenic views, indulge in fresh seafood at the fish market, or wander the lively harbor's charming streets and quays. Bergen is the gateway to the Norwegian fjords and the start of your coastal adventure.

Day 2

Florø → Måløy → Torvik → Ålesund → Geiranger¹ / Hjørundfjorden² → Ålesund → Molde

On the morning of the second day, you can greet the Havila Voyages headquarters near Torvik before arriving in Ålesund, known for its art nouveau architecture. During the summer months, you have the option to continue on to the stunning Geirangerfjord, designated as a UNESCO World Heritage Site, to witness its dramatic waterfalls and steep mountain landscapes. During the autumn months, we visit the untouched and majestic Hjørundfjord.

Day 3

Kristiansund → Trondheim → Rørvik

It is morning when we dock in the historic city of Trondheim, which was founded over a thousand years ago. The Nidaros Cathedral is the city's major landmark. Furthermore, it is Norway's national shrine and one of the largest cathedrals in northern Europe. After our visit here, the voyage continues towards northern Norway.

Day 4

Brønnøysund → Sandnessjøen → Nesna → Ørnes → Bodø → Stamsund → Svolvær

As we journey further north, we'll celebrate crossing the Arctic Circle with a ceremony before exploring the Arctic regions. Witness the Midnight Sun during the summer months or see the Northern Lights illuminate the winter sky. Encounter the awe-inspiring power of the world's strongest tidal current, and spot the majestic sea eagles. In the evenings, you can explore the Lofoten fishing villages, admire the steep mountains, and learn about Viking history and heritage.

Day 5

Stokmarknes → Sortland → Risøyhamn → Harstad → Finnsnes → Tromsø → Skjervøy

As we continue through the narrow fjords and wild mountains, we'll arrive in Tromsø, a city with a rich history associated with hunting, fishing, and polar expeditions. Tromsø is also a gateway to the land of the Sami, Norway's indigenous people. Meeting the Sami and learning about their culture, including their unique connection with reindeer, is a truly unforgettable experience.

Day 6

Hammerfest → Havøysund → Honningsvåg → Kjøllefjord → Mehamn → Berlevåg

This is as far north as you can get — by land and sea. For many, the visit to the North Cape is a highlight and a goal for voyages along the Norwegian Coast. Up here, in the polar landscape, nature is at its harshest and most desolate, but between bare plains and rugged cliffs, people cling on and reap nature's bounty — and you can have a taste of the catch. How about some king crab?

Day 7

Båtsfjord → Vardø → Vadso → Kirkenes

Congratulations, you have now reached the easternmost point of your voyage! The border with Russia is only a few kilometers away, and you may notice that road signs in Kirkenes are written in both Norwegian and Russian. Consider joining one of our excursions to visit the border, or venture to the Snowhotel, where everything is crafted from ice and snow for a unique and memorable experience.

¹ 01.04 - 31.08

² 01.09 - 31.10

Day 8

Mehamn → Kjøllefjord → Honningsvåg → Havøysund → Hammerfest → Øksfjord → Skjervøy → Tromsø

As we sail west and south, the polar landscape transforms, giving way to towering peaks. In the evening, we'll arrive in Tromsø, known as "The Paris of the North," where you can attend a midnight concert in the Tromsø Cathedral or take a stroll in the stunning Midnight Sun or under the mesmerizing Northern Lights.

Day 9

Finnsnes → Harstad → Risøyhamn → Sortland → Stokmarknes → Svolvær → Stamsund

Next, we'll return to the stunning and picturesque Vesterålen and Lofoten Islands. We will enter the Vesterålen region in the morning, and in the evening, we visit Lofoten. Along the coastline, you'll discover chalky, white sandy beaches alongside charming fishing villages, which still thrive on a vibrant fishing industry. The locals rely on coastal ships for everyday transportation. If the weather permits, we'll venture into the narrow Trollfjord.

Day 10

Bodø → Ørnes → Sandnessjøen → Brønnøysund → Rørvik

At this juncture of our journey, we have ventured so far south that we have left the polar lands behind and crossed the Arctic Circle. However, during winter, you may still witness the Northern Lights illuminating the night sky, while summer brings the magical Midnight Sun. As we sail, we'll pass by numerous small islands, islets, and skerries, including the unique Torgshatten mountain, which features a hole in its center. If you're up for it, consider joining us for a hike on the mountain and exploring the cavern.

Day 11

Trondheim → Kristiansund → Molde

We'll sail through the vast Trondheim fjord, flanked by rolling farmland on either side, before reaching the coast and the open sea once more. If you wish to disembark, Kristiansund offers the opportunity for a scenic bus tour along the Atlantic Ocean Road, considered one of the world's most beautiful drives. The road winds along islets and skerries, and after the tour, you can rejoin us in Molde.

Day 12

Ålesund → Torvik → Måløy → Florø → Bergen

On the final day of your journey, we'll take you through a varied coastal landscape that features rugged rocky mountains and an intricate network of straits and waterways between countless islands. The magnificent fjords and glaciers are located further inland. Our voyage concludes in Bergen, but you have the opportunity to join us for one last adventure – a captivating excursion through the city's history, flavors, and breathtaking views. We hope these new memories will be cherished, and we eagerly await the chance to welcome you back on board in the future.

Our Trademarks

Award-Winning Experience

It's not just about getting from A to B – it's about experiencing the coastline, the culture, and the magical moments along the way.

When we receive awards, it's because we take the time. We dedicate time to everything – from developing the world's most environmentally friendly coastal route ships to creating menus inspired by Norwegian culinary traditions and local ingredients.

It's the people along the coast who have taught us the value of doing things properly. Generations who have lived off the sea have shown us why we must take care of what we have, and this is something we carry with us in everything we do.

Perhaps that's why we've received several awards – not because we do something fancy, but because we care. About the coastline. About the people. And about the future. These awards confirm that we're doing something right, and they motivate us to keep improving.

When you see the "Made in Norway" mark from Innovation Norway, you can trust that the product is primarily developed or manufactured in Norway and meets strict standards for responsibility and sustainability.

● *Northbound*

Flavours of the Fjords

DAY 1 - 3 BERGEN → TRONDHEIM

On the route from Bergen to Trondheim, we source ingredients from both the sunlit hills in the fjord landscape and the depths of the sea. Fruits and berries ripen through the bright summer nights, while the sea delivers fresh delights. Deep within the fjords, something truly unique is brewed, ready to be enjoyed when you board.

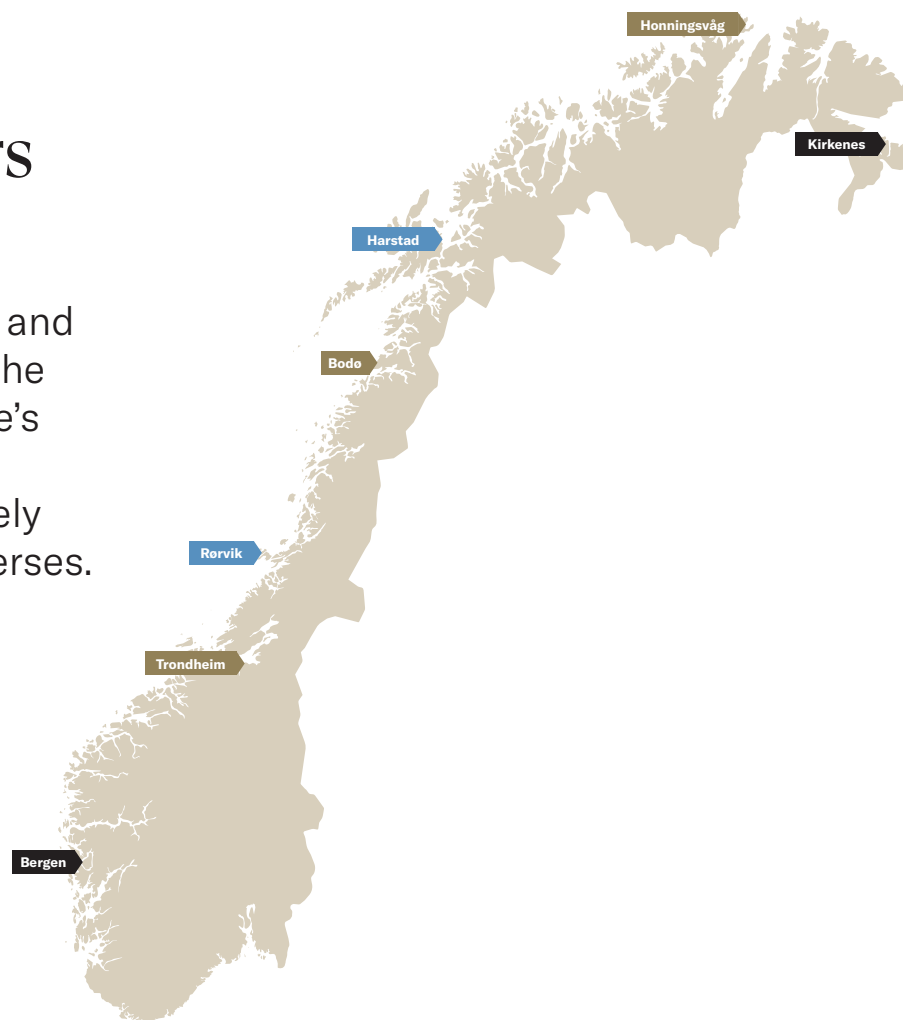

Flavours of the Polar Region

DAY 4 - 6 BODØ → HONNINGSVÅG

Between Bodø and Honningsvåg, you will sail through Lofoten, where you'll find the coast's most famous fish dishes on the menu. Dried cod, an ancient tradition from Lofoten, plays a key role in this story. If you prefer meat, we also offer several delicious options from the lush landscape.

The Flavours of Norway

Experience the rich and diverse flavours of the Norwegian coastline's culinary traditions with our four uniquely designed food universes.

● Southbound

Flavours of the Arctic

DAY 7 - 9 **KIRKENES → HARSTAD**

The Arctic regions between Kirkenes and Svolvær offer ingredients from both the sea and the wilderness. Reindeer from the Arctic tundra provide a taste of Norway's untamed nature, while the sea brings fresh, salty flavours that tell the story of life in the Arctic – raw, beautiful, and full of contrasts.

Flavours of the Archipelago

DAY 10 - 12 **RØRVIK → BERGEN**

As the voyage nears Bergen, we sail through a bustling archipelago where the sea has been a source of food and livelihood for centuries. The culinary experiences include, among other things, stockfish – a Norwegian pride that has played an important role in both our history and culture.

Deck 6

Havrand Restaurant

Havrand is the place where the sea meets the sky, the constant point on the journey, the one thing that is always there.

Welcome to our grand dining room. The vast horizon symbolizes the range of dishes served here in the ship's main restaurant, from early breakfasts to late dinners. We offer both hot and cold, sweet and savoury.

Havrand features some signature dishes, alongside the four culinary concepts that reflect the regions you sail through. This means you can try something new every day, whether it's breakfast, lunch, or dinner.

Deck 6

Hildring Fine Dining

Hildring is something you can experience on the most beautiful summer days, when warm air settles over the sea and it looks as though islands and ships are floating above the water.

It's the same in our fine dining restaurant. Here, ingredients from the fresh Norwegian landscape meet the warm care of our chefs, creating flavours that will make you feel as if you're floating.

The cold, pure sea we sail in provides the world's finest seafood, and at Hildring Fine Dining, you can enjoy king crab, turbot, and scallops from the coast we sail through. And the sweet conclusion to your meal can be savoured even longer as you gaze out at the living painting beyond.

Deck 6

Havly Café

Havly was the home that provided food, warmth, safety and shelter for fishermen and sailors.

From our bakery, you can indulge in freshly baked buns or cinnamon rolls. We serve Norwegian classics like fish soup, sveler (Norwegian pancakes), waffles, shrimp sandwiches, and meatball sandwiches. Pizza and burgers have also become popular additions to our menu, offering a modern twist on tradition.

Deck 6

Havblikk Bar & Lounge

Havblikk is those rare moments when the sea's surface is perfectly still, when nature takes a pause, and it simply feels good to be.

At Havblikk Bar & Lounge, you can experience this tranquility while we serve you drinks and snacks. From the top of deck nine, you'll enjoy a panoramic view of the sea in every direction.

Life on Board

During your stay, the ship serves as your home, offering both relaxation, engaging lectures, and a range of activities and experiences.

Enjoy the Views and Fresh Air

Enjoy breathtaking views and fresh air from our promenade deck, viewing deck, and observation lounge. If you crave a breeze and open air, an outdoor deck and viewpoint on the bow, as well as a promenade on deck eight, await you. At the ship's highest point, deck nine, you'll find Havblikk Bar & Lounge. Here, you can unwind in comfortable lounge chairs under a glass roof, offering clear views of the Northern Lights, starry nights, or the unique glow of the Midnight Sun.

Havila Shop Deck 6

Find unique clothing, souvenirs, books, jewelry, and local specialties in the Havila Shop located on deck six, the heart of the ship. In the Havila Shop, you'll find all the essentials for your journey – from toiletries and select pharmacy items to practical clothing for your excursions. We carry high-quality clothing designed specifically for the Norwegian climate.

Jacuzzi Deck 8

Relax in a warm bubble bath while taking in the stunning views of mountains and fjords. This is an excellent vantage point on deck eight, offering a peaceful activity to enjoy year-round. Please note that opening hours may be affected by weather and operational routines.

Sauna Deck 8

Two comfortable saunas are strategically located on deck eight. The men's sauna is on the starboard side, and the women's sauna is on the port side, both conveniently situated near the changing rooms and jacuzzi.

Fitness Room Deck 7

On deck 7, you'll find two well-equipped fitness rooms. On the starboard side, we have cardio equipment, including treadmills, bikes, and rowing machines, while on the port side, you'll find a variety of strength machines and free weights. Everything is set up for a good and efficient workout. The views from the fitness rooms are nothing short of spectacular, with large windows offering panoramic views of the beautiful landscape we sail past. If you wish to walk or jog while we're in port, we'd be happy to suggest routes for you.

Onboard Interior

The ship's interior reflects Norwegian quality and design, with materials and colours that mirror the stunning surroundings you sail through. The furniture is provided by renowned Norwegian manufacturers. Our ships are also adorned with unique artworks by Ørnulf Opdahl, Cathrine Knudsen, Ingrid Haukelidsæter, and Frank Brunner. On deck six, you'll also find storytelling about founder Per Sævik and the history of Havila, as well as stories about the coastal women, the coastal Sami, and medicine.

Recliners Deck 4

If you're on a short voyage and don't require a cabin, a recliner in our "port-to-port lounge" is an excellent alternative. Recliners can be booked in advance, or you can contact the reception for booking on board. Located on deck 4, the chairs are comfortable and ideal for a short break. Although this is a quiet zone, you can still enjoy the TV in the lounge.

Laundry Room Deck 4

On deck 4, you'll find a laundry room equipped with three washing machines with automatic soap dispensers, three dryers, and ironing facilities. Convenient and simple, so you can keep your clothes clean and fresh throughout your journey.

TV

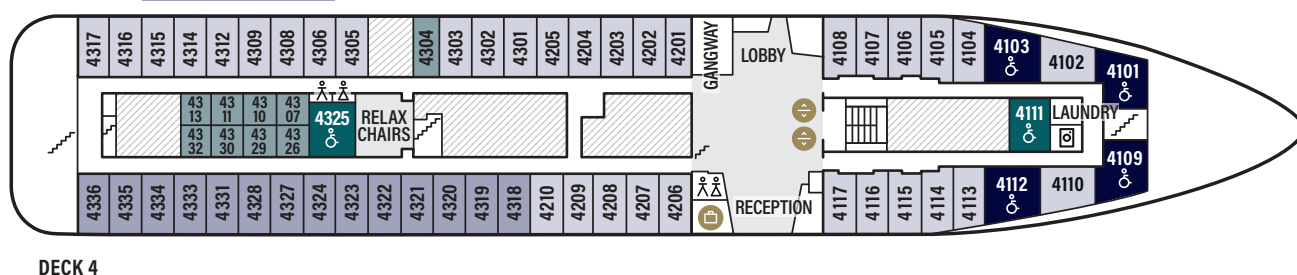

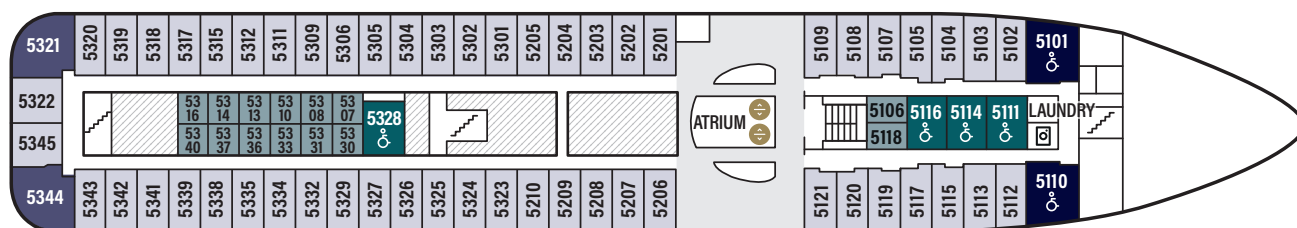

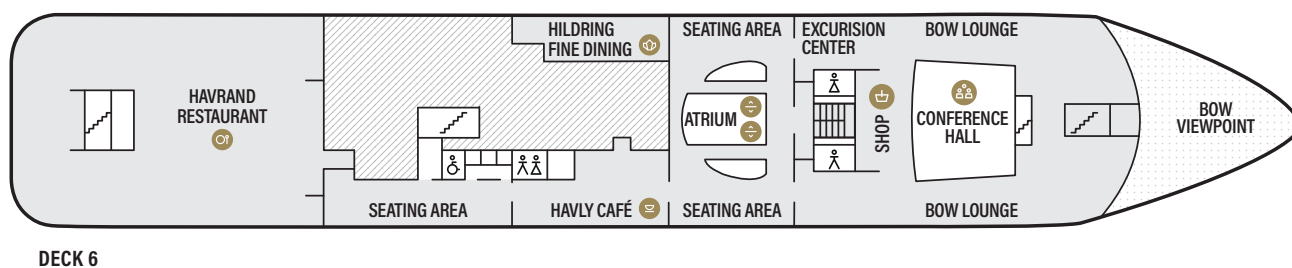

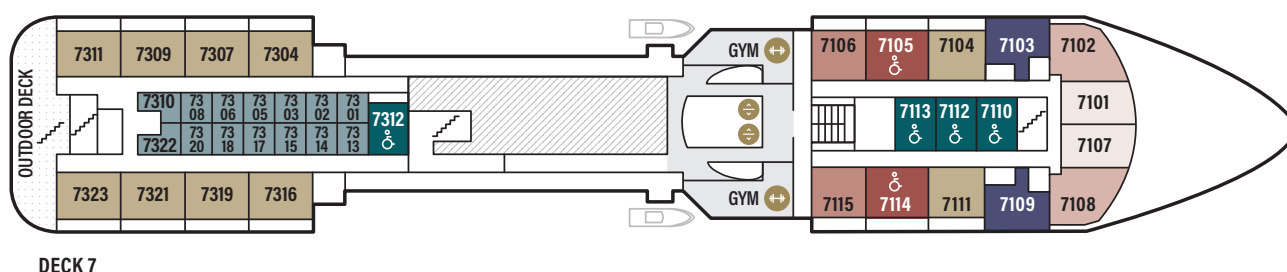

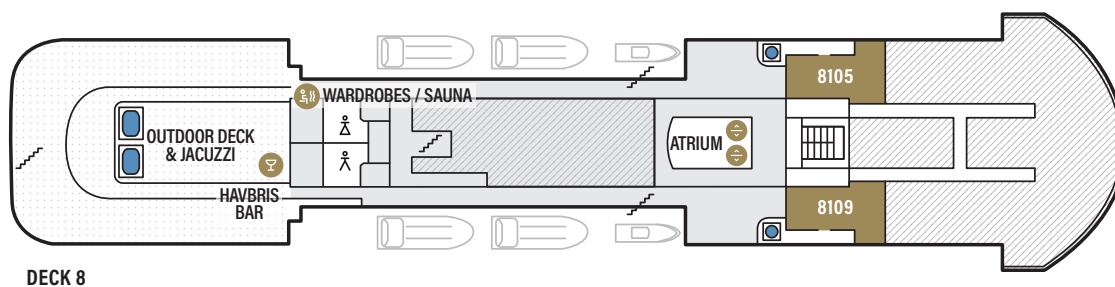

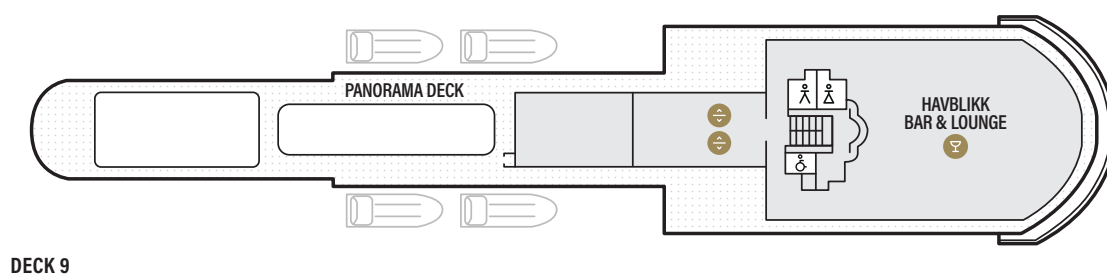

Each cabin is equipped with a TV offering both Norwegian and international channels. The TV also displays updates on the ship's location at all times, as well as the daily program and information about dining times and other details.

Deck Plans

Deck six is the beating heart of the ship, and is home to most of the communal areas. Decks eight and nine are the places for outdoor activities and views while the cabins are located on decks four, five, seven, and eight.

Our Cabins

During your stay, the ship will be your home. When we designed the cabins, we did so with the intention of providing our guests with the perfect space for comfort and relaxation.

Enjoy a Good Night's Sleep

On board our new coastal cruise ships, we have prioritized spacious and comfortable cabins – designed for relaxation during the day and restful sleep at night. The cabins feature a Nordic décor inspired by the stunning landscapes along our route.

Most cabins feature stunning sea views, while some are located inside the ship, offering a cozy and budget-friendly option – perfect for shorter voyages! Our cabins and suites range from 8 m² to 45 m², and can accommodate up to four people. All cabins have Wi-Fi and USB ports.

Excursions

We invite you to join excursions where you can experience mountains and fjords, and get close to the changing seasons and weather. Explore nature with local guides, offering authentic experiences and tastes of locally sourced food.

Scan to view all excursions:

Top 4 Experiences - Available Year-Round!

North Cape Plateau:

Stand on the edge of Europe's northernmost point and take in the breathtaking views where the land meets the Arctic Ocean.

Snowhotel Kirkenes:

Ice cubes in the glass, of course, but when the table, the chairs, the walls, the counter, the candlesticks, the decor and even the fireplace are made of ice, then it really is a snow hotel!

Experience Bodø and Saltstraumen:

Witness the power of the world's strongest tidal current and discover the charm of Bodø – the next major town you'll visit in the Arctic landscape.

King crab fishing:

Here, you'll haul the king crab up from the depths yourself before you get transported back to the quay and the rustic restaurant, where you can enjoy a hearty meal of white, juicy crab meat.

Winter November - March

Winter along the Norwegian Coast is a time of magic and tranquility. Snow-covered mountains reflect in the dark fjords, and the air is crystal clear. During this time, the Northern Lights take centre stage, with the sky transforming into a vibrant palette of green and purple dancing across the landscape. It's a season where silence reigns, only interrupted by the crack of ice or the sound of dog sleds gliding through the snow-clad nature. Explore Arctic culture through encounters with Sami traditions, and experience the connection to nature as winter embraces you with its unique light and enchanting atmosphere.

Spring and Summer April - August

As spring arrives, life awakens along the coast. Waterfalls roar with meltwater, and the coastal towns take on an energetic vibe with blooming flowers and warm sunshine.

Summer brings the long, endless days north of the Arctic Circle. Under the Midnight Sun, you can hike in the mountains or paddle between small islands, with nature around you never sleeping. The sounds of waves and birdsong fill the air, and you can explore the landscape at your own pace.

Autumn September - October

As autumn arrives, nature paints the coast in warm colours. Red and golden leaves frame the deep fjords, and the crisp autumn air is filled with the scent of forest and sea. It's a time to slow down and take in everything around you – from local flavours to cultural traditions celebrating the harvest. Excursions offer views of colourful forests and tranquil fjords, while the coastal towns invite you with events that reflect the charm of the season.

Booking excursions:

You can easily book excursions when reserving your voyage, via the email with your booking confirmation, by contacting our customer service, your travel agency, or directly on board. We recommend booking early to secure a spot on your preferred excursions!

Subject to change.

Onboard Activities

Get to know the food, stories, nature, and places you sail past through our onboard activities. We offer daily lectures, as well as a variety of activities and courses to make your journey even more engaging.

On board, you'll learn about the regions we sail through, with information on everything from weather and Northern Lights forecasts to local art and history. The program also includes fascinating stories of Vikings, witch trials, and polar expeditions.

Throughout several activities, you'll also experience Norwegian food and drink up close.

On deck eight, for example, you can enjoy tastings of traditional Norwegian specialties served by our chefs.

The onboard activities are tailored to the ship's route and the ports we visit, so you can choose the experiences you'd like to join and customize your journey to suit your preferences.

Polar Night

November - January

The Polar Night brings complete darkness throughout both day and night, occurring only north of the Arctic Circle during the following dates:

North Cape	20 Nov – 22 Jan
Hammerfest	22 Nov – 20 Jan
Vardø	23 Nov – 19 Jan
Tromsø	27 Nov – 15 Jan
Harstad	02 Dec – 10 Jan
Svolvær	07 Dec – 10 Jan

Midnight Sun

May - July

In the summer, it stays light all night in most areas, but north of the Arctic Circle, you can experience the true Midnight Sun.

North Cape	14 May – 29 Jul
Hammerfest	16 May – 27 Jul
Vardø	17 May – 26 Jul
Tromsø	20 May – 22 Jul
Harstad	25 May – 18 Jul
Svolvær	28 May – 14 Jul
Bodø	31 May – 12 Jul

Experience the Northern Lights

Have you seen the Northern Lights as they are truly meant to be experienced – far from the city's light pollution, under the clear Arctic sky? As night falls, the Aurora Borealis creates nature's most beautiful light show!

Northern Lights Promise

1 October - 31 March

From 1 October to 31 March, we promise the Northern Lights on the Round Voyage Bergen-Kirkenes-Bergen. This means that if the spectacular green lights don't dance across the night sky during your journey within this period, you will receive a free new voyage from Bergen to Kirkenes (Voyage North) or vice versa (Voyage South). The voyage includes an inside cabin and all meals; breakfast, lunch, and dinner.

When can I see it?

Season

The Northern Lights season begins with the clear October evenings and continues into the snowy days of winter. January, February, and March keep the magic alive as we witness the gradually returning daylight.

What is it?

Science

The Northern Lights occur when electrically charged particles from the sun collide with Earth's atmosphere. Here, they interact with oxygen and nitrogen, releasing energy that we see as light. The colors vary depending on the altitude where these reactions take place, creating everything from green to red and purple hues in the sky.

Big Impressions, Smaller Carbon Footprint

"We navigate through a World Heritage site, and we hope that future generations will do the same," said Per Sævik, founder of Havila Voyages. This is why we hold a profound respect for the nature and environment that surrounds us.

The Ocean – Our Source of Life

Pure water – Fresh air – Unspoiled scenery – Silence... In the Norwegian fjords you can find it all, and there is nothing we desire more than letting it stay that way forever. That's why Havila Voyages is so concerned with focusing on sustainability in everything we do – from the way our four coastal cruise ships are built, to the way we run our business.

We believe that coastal voyages can play a role in protecting our planet and its biodiversity, simply because they connect us with nature and people on a whole new level. We sincerely want our guests to connect with the environments that we sail through, and to make sure that our voyages represent everything we stand for.

It is exceedingly important that we keep in mind what the ocean does for us. The ocean covers more than 70 percent of our planet, and we depend on it to maintain life, to create jobs, and to connect with the world. At the same time, we cannot have a regulated climate without the ocean. Did you know that it currently absorbs between 30 and 50 percent of the CO₂ released in the atmosphere?

Havila Voyages' ships are equipped with large battery packs, allowing us to sail for up to four hours straight with zero emissions. This means you can visit sensitive fjords, such as Geirangerfjord, without worrying about your environmental footprint.

The ocean is our planet's heart and lungs, and we want to do our part in taking care of it.

Batteries for silent, comfortable sailings up to 4 hours with zero emissions.

NO_x and SO_x cut by 90% due to innovative ship design and technology

CO₂ cut by 35% with our plug-in hybrid operation using natural gas, batteries and energy efficiency.

Sustainable Living on Board

The quality of life is all about putting love into the details, being close to nature and to each other. At Havila Voyages, we aim to take our guests out of their daily lives and restore their essential connection to the natural world.

We like to show consideration for our environment in everything we do, including how we run our hotels and restaurants on board the ships.

That is why you will not find a lot of disposable products such as plastic or paper on board. Instead, our guests are encouraged to refill their own water bottles with clean drinking water from one of our water dispensers, and to seek out practical information online or at one of the many information screens around the ship. And of course, one of our helpful staff will always be available to answer your questions.

Ready for the Coast?

The weather in Norway is as varied as the landscape – here are some tips on how to pack for any season.

What You Should Pack:

Clothing

Layering is key to comfort: Start with thin base layers, add warm mid-layers, and top it off with a waterproof outer jacket that can withstand changing weather. Good shoes are also a must – comfortable and weather-resistant shoes or boots that work just as well for city walks as for outdoor adventures. Don't forget a hat, gloves, and scarf – even in summer, the sea breeze can be chilly.

Equipment

A daypack is perfect for excursions, with room for a water bottle, snacks, and your camera. Pack a reusable water bottle to stay hydrated, and binoculars to spot details in the landscape. Don't forget swimwear – whether you're challenging yourself with a dip in the ice-cold ocean or relaxing in the jacuzzi!

Extras

Pack comfortable clothes for your time on board, and don't underestimate the importance of sunglasses year-round – they protect against snow glare and the sun's reflection on the waves.

Documents

Remember to bring your travel documents, valid ID, and ensure your travel insurance is active.
